

It is NASCOE Awards time again! Please take the time to recognize someone in the organization who made an outstanding contribution in the areas of: “NASCOE”; “FSA-Agriculture”; or “Community Service”. Nominations are competitive.

Not only do we have those three awards there is the “Professional Improvement Award”. This is an award for people who have taken advantage of educational opportunities available to them. This is not a competitive award. Then there is the “Extra Mile Award”. This award is for any member, or their children, that go the extra mile in their community, church, job, or school. This also is non-competitive.

February 1st, 2012 is the final date to get these nominations into the State Awards Chairperson, Vicki Vogel, 113 Narrow Gauge Rd., Winchester OH 45697, or email me at vicki.vogel@oh.usda.gov.

If you are unsure about how to write up an award let me help you. All you have to do is give me a brief description of what the nominee has done and we will work together to write it up. Let us make Ohio number one in recognizing our members for all the outstanding work they do on the job, for OASCOE/NASCOE, and in the community.

The NASCOE website has the awards forms and instructions listed under awards.

Please feel free to contact me concerning the nominating of a fellow member. Remember, February 1st is the final date to have them submitted to me.
