

THE FEDMEN

Your personal personnelist ***“We Can Help!”***

For over 20 years, we have individually consulted with federal employees and agencies regarding investment, retirement, and estate planning. Our 38 years of collective federal benefits training experience continues to be the cornerstone of our practice.

We have provided consultation in the form of individual appointments and federal benefits seminars and have successfully assisted employees of many agencies including the IRS, FBI, U.S. Attorney's Office, USDA, Social Security, Air Traffic Control, Veterans Administration Medical, and all individual unions of the U.S. Postal Service. This also includes federal seminars/consultations for many NASCOE state organizations such as: Michigan, Ohio, Texas, Arkansas, Alabama, Minnesota, and several other state conventions and events across the United States.

Our expertise extensively reviews the features of CSRS, CSRS-Offset, FERS, FERS-Transfers, and Thrift Savings Plan. We consult employees regarding complicated issues such as Deposit Time, Re-Deposit Time, Military Buyback, Federal Employees Group Life Insurance, and Survivor Benefits. We will also alert employees of all Social Security penalties specific to federal employment such as the Windfall Elimination, Government Pension Offset, and Catch 62 Military penalties, and more.

***WE ANALYZE THE BENEFITS OF ALL
FEDERAL EMPLOYEES FOR THE BENEFIT OF
ONE EMPLOYEE...YOU!***
