

YOU CAN SAVE ON SUMMER FUN!!!

Good news for those who like the Parks. We now have a discount to Cedar Point. Even though Cedar Point and Kings Island are owned by the same parent company, they have different sales representatives to go through.

Here's the way Cedar Point's discount works..... The member can access a web link and then enter a password. From there you can order all the tickets you want and add them to your shopping cart. But Cedar Point does **not** mail tickets so all their tickets have to be printed online as E-tickets. Their prices are \$35.00 for ages 3-61, 48 inches tall & taller in shoes. Those who are ages 3 and up; under 48 inches tall and ages 62 and up the price is \$16.99. Children under 3 are free. .

Now for Kings Island tickets, here's the way it works.....There is a website for NASCOE members only, when you pull that website up, it takes you right where you can start ordering. Their prices are \$26.99 for ages 3-61, 48 inches tall & taller in shoes. For ages 3 & up, under 48 inches tall and 62 & up the price is \$21.99. Children under 3 are free.

Kings Island has 4 ways to get tickets:

1. You can order them and have the tickets held at the gate, this does have a service/handling fee.
2. You can have them sent standard mail, this also has a service/handling fee.
3. You can have them sent next business day, Express Mail; this one also carries a service/handling fee.
4. Or, you can print out your tickets; the E-ticket option has no extra service/handling fee.

The E-tickets won't look like a normal ticket; it's on a page with a bar code on it and some writing from the Parks. Both parks have options for Two-Day admission and parking (the parking has no discount). Cedar Point offers a discount to their water park also.

Now, because this is a benefit for NASCOE members, in order to get the tickets, you will have to contact Patti Knicely or Robin Williamson, we have the password and website for Cedar Point and Kings Island. And you must be a current member of NASCOE. If you want to access either of these parks, just contact Patti or me and we will help you.

Enjoy the rest of the summer!
